An advocacy campaign to celebrate successes and change perceptions about public education in Georgia.

Celebrate Success
The Spark Campaign’s aim is to celebrate success around three pillars.

Great Teachers
 Builders of Tomorrow
2/3rds hold an advanced degree in their field. Teachers come from distinguished careers in other areas – business, technology, military service, medicine – and bring a wealth of experiences to their classrooms

Strong Leaders
 Change Makers of Today
2017 Average Graduation Rate of 80.6% is up for the seventh straight year — up 13.2 percentage points during that same period. The graduation rate for students who completed a Career Pathway was significantly higher at 96% in 2017.

Innovation
 Cutting-edge S.T.E.A.M. initiatives
29,666 students in ‘16-‘17 are served in over 136 different courses through the Georgia Virtual School, an online learning community

Graduation Insight
 Setting a Higher Standard
Georgia is one of only 20 states nationwide that have adopted graduation requirements consistent with the American Diploma Project’s definition of college and career ready — one of a handful of states in the country that requires four years of both math and science for graduation from Georgia public schools.

Eighteen different organizations and associations, representing 650,000+ education professionals, have aligned around the importance of the need to improve the Georgia Public School System. This leadership foundation is preparing the next generation of work force for the state of Ga.

It’s time that students, parents, educators and community leaders join together to make a difference.”

Dr. Joseph C. Barrow
Superintendent, Fayette County Schools

Did you know? Georgia Public School System graduates represent over 90% of the Georgia work force. Clearly the system is the economic engine for the state.

US The latest U.S. high school graduation rate of 84% is the highest in the history of public education. It is up 4 percentage points from just six years ago.

GA Georgia’s class of 2016 was 16th in the nation for the percentage of students scoring a 3 or higher on at least one AP exam, and is 1 of 17 states to exceed the national average.
